

- FEATURES

Railing formed by horizontal profiles in extruded aluminium. Also for this typology is possible to personalize the filling with profiles of various dimensions, according to esthetic needs.

- PROFILES AVAILABLE

Rectangular profiles:

- _ 60 x 20 mm
- _ 60 x 30 mm
- _ 60 x 40 mm

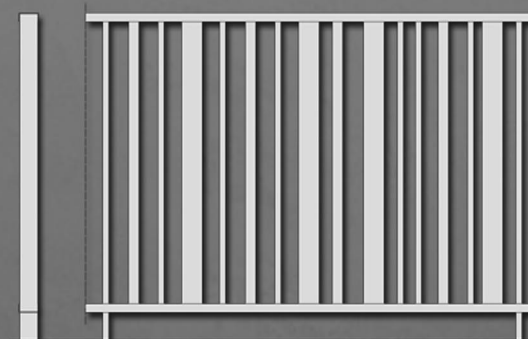

- CONFIGURATIONS

Using our fixing techniques, the uprights can be fixed directly on floor or front slab. Besides, it is possible to alternate different profile types to achieve an irregular effect.

Standard
